

BRADLEY DECLARED 100 PER CENT. PATRIOTIC

People Loyal Observe Fuel Administration Rules—No Cars Run on Sunday.

Cleveland, Sept. 9.—(Special.)—Cleveland and Bradley county are 100 per cent. patriotic, and Fuel Administrator T. S. Russell, in the name of the United States fuel administration, thanks the people for their loyal observance of the administration's order that for six weeks they will not run their automobiles, motor trucks or motorcycles on Sunday.

A week ago only two or three requests were made to run cars and the excuses were considered fully justified. No requests were made to use cars yesterday and none were used.

People had time to fortify themselves for the new condition, and did so loyally and without a murmur. A few cases are known where people put themselves to great inconvenience and considerable expense in order to comply with the request, which they say is only a slight inconvenience when compared to the great sacrifice the boys are making in winning this war.

A great majority of the farmers of Bradley county own cars and ordinarily use them more on Sundays than on all days of the week combined. So far as can be found not one was used yesterday, and all walked to church or hitched the mules to the wagon and went the old-fashioned way, and appeared happier than when riding in their cars.

Away out in the country, where folks live considerable distances from one another and where cars spin merrily all Sunday afternoons, not a car was out. A country doctor made his calls horseback, though the order did not affect him. This is the spirit of loyalty and full observance characteristic of these people to every order coming toward the winning of the war.

DRAFT REGISTRANTS FORM LIBERTY BOND ARMY

Plan Adopted by Cleveland to Boost Sale of Government Securities.

Cleveland, O., Sept. 9.—Seventy-five thousand draft registrants of deferred classification of Cleveland and Cuyahoga county, in which Cleveland is located, have been enrolled to a great army for the sale of liberty bonds and other government securities. The selling force, organized at sixty meetings held here yesterday, will be known as the Liberty Army and in addition to its work in selling securities, will act as a home guard today.

The meetings were held in all large halls and churches of the city and presented the rather unique situation of Catholic priests, protestant ministers and Jewish rabbis changing pulpits to urge upon the draft registrants their participation in the work of the liberty army.
